

If I can reach the stars,
Pull one down for you,
Shine it on my heart
So you could see the truth:
That this love I have inside
Is everything it seems.
But for now I find
It's only in my dreams.
And I can change the world,
I will be the sunlight in your universe.
You would think my love was really something good,
Baby if I could change the world.

A person wearing a cowboy hat and a dark jacket stands in a desert landscape, looking up at a starry night sky. The Milky Way galaxy is visible, stretching across the sky. The foreground is filled with dry grass and shrubs, and the background shows dark, silhouetted hills under a dark, star-filled sky.
